Investment Amount (USD)	$ 20.00 million
Project Cost (USD)	$ 22.00 million

Project Description

According to bank documents, the project aims to increase access to demand-led skills training and build the foundations for a demand-led skills development system in Sierra Leone. It will be measured through the following key outcome indicators:

a) Increased number of people (disaggregated by gender) having successfully completed demand-led skills development training programs
b) Foundations for a demand-led skills development system developed through: (i) the establishment and operationalization of a skills information system; and (ii) the pilot accreditation of TVET training program with industries' participation.

Investment Description

- World Bank (WB)
