Project Description

The development objective of the Integrated Water Management and Development Project for Uganda is to improve access to water supply and sanitation services, integrated water resources management, and operational performance of water and sanitation service providers in Project areas. It has four project component. First component, water supply and sanitation in small towns and rural growth centers and support to districts hosting refugees will support activities to improve WSS in selected small towns and RGCs in the Recipient's territory. Activities consist of (a) constructing and rehabilitating WSS facilities, as well as providing associated services, including engineering, environmental and social studies, and supervision of construction activities; (b) preparing and implementing sanitation plans in selected small towns; (c) strengthening the capacity of selected UWAs in the areas of operational and financial management, including the establishment of a remote monitoring system for rural water systems; and (d) carrying out environmental and social management-related activities to protect water sources and sensitize communities; Second component, water supply and sanitation in large towns and support to districts hosting refugees will support activities to improve WSS. Activities consist of (a) constructing and rehabilitating WSS infrastructure in the municipality of Mbale, including implementing the recommendations from the Augmented Water Supply Study; (b) constructing water supply system for the municipality of Gulu; (c) undertaking construction supervision activities and engineering, as well as environmental studies, including the Augmented Water Supply Study; (d) strengthening the capacity of the NWSC in the areas of operational and financial management to support improved performance in the project supported areas;

ACCOUNTABILITY MECHANISM OF WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. You can learn more about the Inspection Panel and how to file a complaint at: http://ewebapps.worldbank.org/apps/ip/Pages/Home.aspx.
