### Project Description

According to bank documents, the project supports the implementation of measures contained in the LSP, and aims to improve the institutional effectiveness, operational efficiency and debt service capacity of the Croatian Road Sector, through a combination of public investment controls, operational improvements, debt optimizing and credit enhancement measures.

The project is expected to put Road Sector SOEs in a position that allows them to access commercial finance. The project scope has three components. The first two components are supported by the IBRD loan. The third component relates to provision of an IBRD project guarantee to re-profile some of the existing sector debt, and benefits from an existing EBRD loan contributing to HAC debt refinancing.

Component 1: Institutional strengthening and sector reforms

Component 2: Operational restructuring of road sector SOEs

Component 3. Debt optimization

## ACCOUNTABILITY MECHANISM OF WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing [ipanel@worldbank.org](mailto:ipanel@worldbank.org). You can learn more about the Inspection Panel and how to file a complaint at: <http://ewebapps.worldbank.org/apps/ip/Pages/Home.aspx>.
