Early Warning System

Water Supply and Sanitation Improvement Project

WB-P163876

Quick Facts

Countries	Cambodia
Specific Location	Siem Reap
Financial Institutions	World Bank (WB)
Status	Proposed
Bank Risk Rating	B
Voting Date	2018-12-06
Borrower	Government of Cambodia
Sectors	Water and Sanitation
Investment Amount (USD)	$ 53.50 million
Project Cost (USD)	$ 56.00 million

Project Description

According to the bank document, the proposed project's objective is "to increase access to piped water supply and improved sanitation services and strengthen the operational performance of service providers in selected towns or areas, and to provide immediate and effective response in case of an eligible crisis or emergency."

The proposed project has two major components, (i) to support provincial water supply in selected towns and communes, (ii) to support provincial sanitation improvement in Siem Reap City and other areas. A third additional Contingent Emergency Response com ponent has been provisioned for the Bank to provide emergency support in the event of a natural disaster, emergency and/or catastrophic event. Each of the major component is in turn subdivided into an infrastructure investment subcomponent and an associated institutional strengthening, policy and project implementation subcomponent.

ACCOUNTABILITY MECHANISM OF WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. You can learn more about the Inspection Panel and how to file a complaint at: http://ewebapps.worldbank.org/apps/ip/Pages/Home.aspx .
