Project Description

The development objective of Great Lakes Region Displaced Persons and Border Communities Project for Zambia is to improve access to livelihoods and socio-economic infrastructure for displaced people and host communities in the targeted areas. This restructuring requires additional grant of three million US dollars to extend regional capacity building and learning activities on development responses to forced displacement to government representatives of ICGLR Member States (MSs) across the Great Lakes Region (GLR). It also requires the following changes: 1) The new PDO for the would be: to (i) improve access to livelihoods and socio-economic infrastructure for displaced people and host communities in target areas of the territory of the Republic of Zambia, and (ii) support regional learning on development responses to forced displacement; 2) The inclusion of a new and fifth component to the Project to be funded by the AF (grant) to the ICGLR; 3) The revision of the Results Framework to include further indicators that pertain to the objectives and activities of the new fifth component (to be financed through a grant to the ICGLR) and revised PDO. 4) The addition of a new Recipient (which is also the additional implementing entity) to receive the additional grant and implement the activities under the relevant grant agreement: the ICGLR; and 5) Complementary changes to accommodate the additional grant and additional implementing agency including: an increase to Substantial, of the fiduciary risks associated with the original project to reflect additional fiduciary risks posed by the additional grant; the specification of financial management (FM), disbursement, and procurement arrangements for ICGLR, which will be further outlined in a specific Project Implementation Manual (PIM) for the new component.
