Project Description

The development objective of Rural Water Supply and Sanitation Project for Senegal is to increase access to improved water and sanitation services in selected rural areas and strengthen capacity for water resources management. This project has four components. 1) The first component, Rural Water Supply, aims to improve water services and expand access through the following sub-components: (i) Upgrading of piped water systems to increase water availability and quality, in selected areas; and (ii) Development of access to water in selected areas. 2) The second component, Sanitation, aims to increase access to improved sanitation and ensure adequate disposal of wastewater and sludge through the following sub-components: (i) Development of access to improved sanitation in selected rural areas; (ii) Development of access to condominial sewerage services and provision of adequate wastewater and sludge disposal in Gandiaye; (iii) Development of access to sewerage services and provision of adequate wastewater and sludge disposal in selected small towns; (iv) Implementation of a pilot program of the marketing approach to sanitation; and (v) Support to the Recipient. 3) The third component, Water Resources Management, aims to improve the knowledge and planning of the development of water resources through the following sub-components: (i) Strengthening the Recipient’s capacity to assess and monitor water resources; and (ii) Supporting the Recipient’s capacity in planning the development of water resources. 4) The fourth component, Program Coordination, Institutional Support and Capacity Building, aims to support sector institutions and reforms, and to enable the Project Coordination Unit (PCU) to deliver its responsibilities

ACCOUNTABILITY MECHANISM OF WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. You can learn more about the Inspection Panel and how to file a complaint at: http://ewebapps.worldbank.org/apps/ip/Pages/Home.aspx.
