## **Project Description**

The Program is expected to improve performance through strengthening accountability, improving management of health services, and enhancing performance-based financing. The project will focus on supporting key aspects of the Government of Indonesia's existing Healthy Indonesia Program(HIP). The HIP is built on a series of interventions with the goal of improving health and nutritional status of the community through health and community empowerment efforts, backed by equitable distribution of health services and financial protection, particularly to the poor and vulnerable.

## ACCOUNTABILITY MECHANISM OF WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing [ipanel@worldbank.org](mailto:ipanel@worldbank.org).

You can learn more about the Inspection Panel and how to file a complaint at:
