Project Description

According to WB website, the objective is to improve access to quality basic education and strengthen capacity in education sector management. There are four components to the project:

Component 1. Increasing access through school infrastructure development.

Component 2. Enhancing teaching effectiveness and support alternative education programs. This includes two subcomponents: enhancing teaching effectiveness, and support alternative education.

Component 3. Capacity building to strengthen service delivery. The successive crises have severely weakened the service delivery system.

Component 4. Contingency emergency
