Investment Amount (USD)	$ 80.00 million
Project Cost (USD)	$ 100.00 million

Project Description

The development objective of the Health Services Reinforcement Project for Burkina Faso is to increase the quality and utilization of health services with a particular focus on maternal, child and adolescent health, nutrition and disease surveillance. First component, strengthening health system capacity aims to support the strengthening and integration of several pre-existing and planned health financing policies, namely the launch of the national health insurance scheme and optimization of strategic purchasing mechanisms already in place, such as free care for women and children and performance-based financing (PBF). Second component, strengthening delivery of reproductive, maternal, newborn, child and adolescent health and nutrition (RMNCAH+N) aims to promote UHC and enable the acceleration of the demographic transition to maximize human capital and economic growth through a comprehensive approach to Reproductive, Maternal, Newborn, Child and Adolescent Health and nutrition.It has

ACCOUNTABILITY MECHANISM OF WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. You can learn more about the Inspection Panel and how to file a complaint at: http://ewebapps.worldbank.org/apps/ip/Pages/Home.aspx.
