Project Description

The development objective of the Health System Support and Strengthening Project for Central African Republic is to increase utilization and improve the quality of essential health services in targeted areas in the territory of the recipient. The project comprises of three components. The first component, improving the quality and utilization of essential health services at facility and community levels through performance-based financing (PBF) consists of following sub-components: (i) PBF and delivery of free health care; and (ii) PBF verification and technical assistance. The second component, reinforcing the capacity of the recipient's health system and addressing gender-based violence consists of following sub-components: (i) health system strengthening; (ii) addressing gender-based violence (GBV); and (iii) project implementation support. The third component, contingent emergency response will allow for rapid reallocation of project proceeds in the event of a natural or artificial disaster or crisis that has caused, or is likely to imminently cause, a major adverse economic and or social impact.

ACCOUNTABILITY MECHANISM OF WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. You can learn more about the Inspection Panel and how to file a complaint at: http://ewebapps.worldbank.org/apps/ip/Pages/Home.aspx.
