| Investment Amount (USD) | \$ 200.00 million |
| Project Cost (USD) | \$ 332.50 million |

Project Description

This project finances the design and establishment of a financing mechanism for energy saving investments in Uzbekistan, aimed at improving the energy efficiency of industrial enterprises. This includes supporting the scaling up and capacity building of energy efficiency lending by commercial banks, and developing and implementing an energy efficiency communication strategy and outreach.

Investment Description

- World Bank (WB)

Financial Intermediary

Financial Intermediary: A commercial bank or financial institution that receives funds from a development bank. A financial intermediary then lends these funds to their clients (private actors) in the form of loans, bonds, guarantees and equity shares. Financial intermediaries include insurance, pension and equity funds. The direct financial relationship is between the development bank and the financial intermediary.

ACCOUNTABILITY MECHANISM OF WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org.

You can learn more about the Inspection Panel and how to file a complaint at:

<http://ewebapps.worldbank.org/apps/ip/Pages/Home.aspx>.
