Project Description

The objective of the Quality Data for Decision Making Project for Niger is to improve the quality, availability and use of macroeconomic and sector statistics. There are three components to the project, the first component being improvement in data quality and use. This component includes five subcomponents: economic statistics and call center, agriculture statistics, planning and finance statistics, performance incentives for data quality, and use of data and demand-side strengthening. The second component is the modernization and professionalization of NSS. This component includes three subcomponents: Institutional Reforms, HR Development, and ICT and Equipment. Finally, the third component is the project management and coordination.

ACCOUNTABILITY MECHANISM OF WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org.

You can learn more about the Inspection Panel and how to file a complaint at:
