Project Description

According to the bank document, the project aims to strengthen villages' ability to deliver effective investments

The PforR Program will focus on four key Results Areas that are critical to equip villages to make more effective use of village funds and drive rural development and poverty reduction, which consists of:

Results Area 1: Strengthened effectiveness and inclusiveness of village planning and budgeting.
Results Area 2: Improved village implementation of infrastructure and local economic services.
Results Area 3: Improved reporting, monitoring and oversight around village development activities and expenditures.

Results Area 4: Strengthened coordination, planning, financing and monitoring of Village Law implementation support.
