Project Description

The objective of the Support for Women and Youth Entrepreneurship Project for Djibouti is to improve economic opportunities for targeted entrepreneurs. The project has three components. 1. Building capacity of women and young entrepreneurs component will improve access to: (i) skills and business development trainings (by scaling and expanding the scope of the existing PROPEJA project), (ii) small-scale financing, and (iii) information and resources for entrepreneurs. 2. Improving access to services, finance, and competitive value chains for women and young entrepreneurs component will improve access to services and finance for women and young entrepreneurs through the improvement and expansion of ecosystem provider capacity, and through the activation of the PCG Fund and reinforcement of the CPEC microfinance network. The component will also provide technical assistance to help identify and develop competitive sectors and value chains and enable enterprises to better meet the needs of these new dynamic sectors. 3. Support for Project Implementation and Monitoring component will finance technical assistance, equipment, training and operating costs for the Center for Leadership and Entrepreneurship (CLE's) team so that it can operate the following PIU functions: (a) institution building, (ii) project implementation, (iii) project monitoring, and (iv) and evaluation. This component will also support the CLE in the areas of accounting, budget management, procurement, and overall administrative functions.
