<b>Investment Type(s)</b>	Loan
<b>Investment Amount (USD)</b>	\$ 3.36 million
<b>Project Cost (USD)</b>	\$ 3.36 million

---

## Project Description

The project objective is to restore key road sector assets damaged by extreme weather events and enhance the climate resilience of critical roads and bridges in Samoa. The Government decided that their needs would be best met by the full replacement of two bridges which are Leone Bridge and Mali'oli'o Bridge, rather than rehabilitating them.

### ACCOUNTABILITY MECHANISM OF WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing [ipanel@worldbank.org](mailto:ipanel@worldbank.org).

You can learn more about the Inspection Panel and how to file a complaint at:

<http://ewebapps.worldbank.org/apps/ip/Pages/Home.aspx>.
