Project Description

The Project Development Objective is to restore the functionality of critical infrastructure in a resilient manner in the disaster-affected provinces; and to improve the Government of Mozambique's capacity to respond promptly and effectively to an eligible crisis or emergency. This Project addresses the financing gap caused by the activation of the Immediate Response Mechanism (IRM) to respond to the negative impact of the El Niño related drought in 2016, through:

- a. Provision of additional funds to address the financing gap in the amount of US\$ 13 million.
- b. Cancellation of selected activities for an amount of US\$7.5 million.

ACCOUNTABILITY MECHANISM OF WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org.

You can learn more about the Inspection Panel and how to file a complaint at:
