Project Description

The development objective of Second Niger Adaptive Safety Net Project is to improve the capacity of the Niger adaptive safety nets system to respond to shocks and to provide access for poor and vulnerable people to safety nets and accompanying measures. This project has four components. 1) The first component, Strengthening the Adaptive and Scalable Safety Net System, has the following three subcomponents: (i) Strengthening national systems; (ii) Supporting policy dialogue and inter-sectoral coordination; and (iii) Delivery tools, implementation, and monitoring of safety net interventions. 2) The second component, Cash Transfers and Accompanying Measures, has the following three subcomponents: (i) Cash transfers; (ii) Accompanying measures; and (iii) Cash transfers for shock response. 3) The third component, Cash for Work for Resilience, aims to support the implementation of Cash for Work (CfW) programs, which will provide additional income to people in communities affected by food insecurity caused by persistent or recurrent weather and climate change-related shocks. 4) The fourth component, Project Management, aims to cover expenditures related to the procurement of goods, works, services, and consultants necessary for the management of the project

ACCOUNTABILITY MECHANISM OF WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. You can learn more about the Inspection Panel and how to file a complaint at:
<http://ewebapps.worldbank.org/apps/ip/Pages/Home.aspx>.
