WB-P166814

Support to the Preparation of Egypt's First National Strategy for Development of Statistics

Quick Facts

Countries	Egypt
Financial Institutions	World Bank (WB)
Bank Risk Rating	C
Borrower	Government of Egypt
Sectors	Law and Government, Technical Cooperation
Investment Type(s)	Advisory Services
Project Cost (USD)	$ 0.16 million

Project Description

The objective of this activity is to support the national statistical agency in designing the NSDS.

The project will support CAPMAS in preparing and designing an NSDS with a focus on certain sectors relevant to the economic development of Egypt as outlined in the Egypt 2030. It will identify the challenges and constraints to statistics development through sectorial and national diagnostics.

The NSDS preparation is estimated to cost USD 376,770. The TFSCB funds will cover USD 159,420 with the balance being covered by government or funds from other agencies (mainly African Development Bank). TFSCB funds will finance four components:

1. Sectoral Assessment. This component will include an initial diagnostic of 9 sectors and will include the preparation of Sectoral Assessments for areas that are critical for the role they play in Vision 2030 and monitoring of SDGs (such as those covered by Ministry of Finance, Ministry of Planning, CAPMAS, Ministry of Education, and Ministry of Health.)
2. Under this component the preparation and costing of the National Strategy will be conducted. This will be the lead responsibility of the NSDS design team. This
   component will also cover the publishing of communication materials. This component will also benefit from support by the African Development Bank.
3. This component includes capacity building activities for core NSDS staff (NSDS Design Team and SSC). The component will cover the cost of workshops on:
   i. NSDS concept and processes;
   ii. effective assessment of statistics for specific sectors;
   iii. strategic foundation (vision, mission, core values), and strategic directions (goals, objectives and initiatives);
   iv. implementation, and monitoring and evaluation of the strategy; and
   v. study tour to countries (such as Uganda and Jordan) where sector-inclusive NSDS has been successfully designed to expose the team to firsthand experience on the how NSDS are designed and implemented on the ground.
4. Project Implementation Support (US$ 5,100). The project will finance the cost of technical assistance, external financial audits, project management, and communication.

Investment Description

- World Bank (WB)

ACCOUNTABILITY MECHANISM OF WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. You can learn more about the Inspection Panel and how to file a complaint at: http://ewebapps.worldbank.org/apps/ip/Pages/Home.aspx.
