### Project Description

The project seeks to contribute to the reliability and timeliness of budget execution reports and to enhance public financial management skills. The project will achieve its objectives by the following components:

**Component 1:** Setting the foundations for a core public financial management system. This component would cover the implementation of a new financial management information system (FMIS), which includes the purchasing, customization, and installation of the application system software.

**Component 2:** Upgrading public financial management skills. The second component is envisaged to build a sustainable training program to build the necessary public financial management (PFM) capacity in the Ministry of Finance (MoF) and the staff from other government entities working on PFM-related issues

**Component 3:** Project Implementation and Change Management. Activities under this component will include technical assistance to the Project Implementation Unit (PIU) and support for project management.

## ACCOUNTABILITY MECHANISM OF WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing [ipanel@worldbank.org](mailto:ipanel@worldbank.org). You can learn more about the Inspection Panel and how to file a complaint at: <http://ewebapps.worldbank.org/apps/ip/Pages/Home.aspx>.
