South Africa-Air Quality Management in the Greater Johannesburg Area

Project Description

According to bank documents, the project's objective is to improve South Africa's capacity to address air pollution levels and support development of full-scale Air Quality Management (AQM) plans in the Greater Johannesburg Area (GJA) through provision of specific equipment to measure PM2.5 and other air pollutants, SLCPs and GHGs at existing monitoring stations to expand the capacity of the Department of Environment, Forestry and Fisheries (DEFF) to improve Air Quality Management Planning going forward.

ACCOUNTABILITY MECHANISM OF WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. You can learn more about the Inspection Panel and how to file a complaint at:

http://ewebapps.worldbank.org/apps/ip/Pages/Home.aspx
