<b>Investment Type(s)</b>	Grant
<b>Investment Amount (USD)</b>	\$ 20.00 million
<b>Project Cost (USD)</b>	\$ 100.00 million

---

## **Project Description**

According to the bank document, the proposed project objective is "to improve land and water productivity and climate resilience of agricultural systems in selected areas of Afghanistan." The project components include: Support to Irrigated Agriculture Productivity which will combine rehabilitation of irrigation schemes with provision of improved water saving technologies and production practices.; Support for Dryland Farming and Watershed Management which will focus largely on building the resilience of communities in the water scarce areas to maintain and build their productive assets through a range of innovative and climate smart interventions.; Access to Market which will strengthen market linkages between producers and off-takers by supporting the establishment of producer organizations.

## ACCOUNTABILITY MECHANISM OF WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing [ipanel@worldbank.org](mailto:ipanel@worldbank.org). You can learn more about the Inspection Panel and how to file a complaint at:

<http://ewebapps.worldbank.org/apps/ip/Pages/Home.aspx> .
