Project Description

According to bank documents, the project aims to:
"(i) improve delivery of primary health, nutrition and population (HNP) and environmental health services for selected urban populations, and
(ii) develop and strengthen government capacities and systems for delivery of these services."

2 component of the project are:
Component 1. Improve urban primary HNP services - for example expanded services for diagnosis, referral and management of communicable diseases, nutrition counselling & growth monitoring services, community outreach and behaviour change communication. To overcome overcrowding and improve service delivery, investment is required for out patient services and to upgrade facilities.

Component 2. Improve urban environmental health services - through supporting behaviour changes related to hygiene, supporting development of strategies to manage infectious disease outbreaks, and lastly, support improvement in medical waste management.

ACCOUNTABILITY MECHANISM OF WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. You can learn more about the Inspection Panel and how to file a complaint at: http://ewebapps.worldbank.org/apps/ip/Pages/Home.aspx.
