Project Description

The Matanza RiachueloBasin (MRB) Sustainable Development Project (parent project) supports the government’s efforts to implement its MRB Integrated Cleanup Plan (Plan Integral de Saneamiento de la Cuenca Matanza-Riachuelo, PISA), which aims to improve water quality of the basin in the long term. The projectsupports four components: (a) Sanitation, to support the expansion of transport and treatment capacity of sewerage services in the MRB and other parts of the Province and City of Buenos Aires; (b) Industrial Pollution Abatement, to reduce industrial discharges to the MRB; (c) Environmental Territorial Management, to improve decision-making for environmentally sustainable territory management in the MRB; and (d) Institutional Strengthening and Project Management, to strengthen institutional capacity of the MRB Authority (Autoridad de Cuenca Matanza Riachuelo, ACUMAR) for effective implementation of PISA and support project management activities.

Investment Description

- World Bank (WB)

The proposed AF will help the project to mobilize additional US$332 million, US$322 million for Component 1 and US$10 million for Component 3, to finance ongoing and planned activities under the original loan.

ACCOUNTABILITY MECHANISM OF WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. You can learn more about the Inspection Panel and how to file a complaint at: http://ewebapps.worldbank.org/apps/ip/Pages/Home.aspx.
