Project Cost (USD)	\$ 100.00 million

### Project Description

According to the bank website, the objective of the Second District Heating Efficiency Improvement Project for Moldova is to increase the efficiency of the District Heating system in Chisinau. The Project has three components. 1. Optimization of Heat and Electricity Generation component This component will finance modernization of Combined Heat and Power Plant (CHP) Source-1 and installation of new cogeneration units based on gas engines (GEs), including electrical connections, to increase and optimize the efficiency of heat and electricity production in cogeneration mode by Termoelectrica.

#### ACCOUNTABILITY MECHANISM OF WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing [ipanel@worldbank.org](mailto:ipanel@worldbank.org).

You can learn more about the Inspection Panel and how to file a complaint at:

<http://ewebapps.worldbank.org/apps/ip/Pages/Home.aspx>.
