Investment Amount (USD)	$ 20.00 million
Project Cost (USD)	$ 20.00 million

Project Description

The proposed Project will consist of two components. The first component will help strengthen the country's preparedness and response efforts in the fight against COVID-19. It will support activities aimed at: (i) identifying, isolating, and providing care to patients with COVID-19 in a timely manner to minimize disease spread, morbidity and mortality and (ii) preparing and strengthening the health system for increasing levels of demand for care.

The World Bank has classified this project as having Moderate environmental risks and Low social risks.
