Status	Approved
Bank Risk Rating	A
Voting Date	2020-06-17
Borrower	Federal Republic of Somalia
Sectors	Humanitarian Response
Investment Type(s)	Grant
Investment Amount (USD)	$ 40.00 million

Project Description

According to bank documents, the Project objective of the proposed SNLRP is aligned to the results chain of the multi-regional Emergency Locust Response Program under the Multiphase Programmatic Approach.

The project has four components:

1. Emergency Cash Transfers (US$ 39 million equivalent). Component 1 will respond to the threat of the locust outbreak by providing ECT to approximately 100,000 poor and vulnerable rural locust-affected households, equivalent to about 600,000 persons. The transfers will be delivered using the delivery system and procedures of the FGS' Baxnaano program (supported by the SNHCP). MoLSA will strategically partner with WFP to support the implementation of Component 1, governed by a Standard Output Agreement.
2. Project Management and Monitoring and Evaluation (US$ 1 million equivalent). Component 2 will support the overall management and administration, monitoring of the project implementation, and learning from the experience of the locust response. Project management and administration will be supported by the well-staffed Project Implementation Unit (PIU) of the SNHCP/Baxnaano, housed within MoLSA. Given the shock-responsive nature of the project, the PIU will be enhanced with a position focused on managing MoLSA's humanitarian coordination with stakeholders on the SNLRP, particularly with the Ministry of Humanitarian Affairs and Disaster Management and broader humanitarian partners and agencies. Further, component 2 will support additional operational activities linked to the monitoring and management of the SNLRP activities. Monitoring the implementation of the regular Baxnaano cash transfers will be conducted by an independent third-party monitoring
(TPM) agency, which will be expanded for the SNLRP in terms of increased size and geographic coverage of the TPM sample to reflect the coverage of new districts and additional ECT beneficiaries.

ACCOUNTABILITY MECHANISM OF WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. You can learn more about the Inspection Panel and how to file a complaint at: https://www.inspectionpanel.org.
