Project Description

To facilitate a more resilient private sector economic recovery and enable a more fiscally and environmentally sustainable recovery.

Key Results

The policies supported are expected to support reforms aimed at removing bottlenecks to firms' growth, reducing regulatory costs, and facilitating entry and operation. They also aim greater transparency and accountability in budget policies in relation to climate change.

Concept Description

The proposed operation aims to support a stronger rebound of economic activities led by the private sector and a stronger, more resilient and sustainable recovery. These includes measures aimed at reducing the regulatory costs for businesses and increasing competition, efforts to expand credit to MSMEs, and a methodology to tag budget expenditures in relation to climate change.

ACCESS TO INFORMATION

To submit an information request for project information, you will have to create an account to access the Access to Information request form. You can learn more about this process at: <https://www.worldbank.org/en/access-to-information/request-submission>

ACCOUNTABILITY MECHANISM OF THE WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. Information on how to file a complaint and a complaint request form are available at: <https://www.inspectionpanel.org/how-to-file-complaint>
