## **Project Description**

According to bank documents, the project aims to maintain students' learning during school closures in response to the COVID-19 pandemic and after school re- openings, and enable education system recovery and resilience.

- Component 1. Maintaining learning trajectories and safety during school closure
- Component 2. Supporting readiness for school reopening and mitigating learning loss
- Component 3. System-level resilience and project coordination

The World Bank has classified this project as having Moderate environmental and social risks.
