Project Cost (USD)	$ 430.00 million

Project Description

According to the bank's documents, the project's objective is "to strengthen institutions, financing, quality, and sustainability of selected urban services in the Chennai Metropolitan Area."

The program adopts a comprehensive approach for service delivery improvement by focusing on four pillars across all the identified services including: (i) strengthening policies and institutions; (ii) strengthening service delivery systems; (iii) infrastructure development; and (iv) expansion of funding and financing mechanisms for capital and operational expenditures. In its first phase, the program will focus on the following: (i) water supply services with an emphasis on integrated urban water resource management and resilience; (ii) urban mobility services; (iii) municipal services including solid waste management and public health services; and (iv) emergency response services for disaster management."

ACCESS TO INFORMATION

To submit an information request for project information, you will have to create an account to access the Access to Information request form. You can learn more about this process at: https://www.worldbank.org/en/access-to-information/request-submission

ACCOUNTABILITY MECHANISM OF THE WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. Information on how to file a complaint and a complaint request form are available at: https://www.inspectionpanel.org/how-to-file-complaint
