Voting Date	2021-03-17
Borrower	Government of the Islamic Republic of Mauritania
Sectors	Humanitarian Response
Investment Type(s)	Advisory Services
Project Cost (USD)	\$ 13.00 million

Project Description

According to bank documents, the project objective is to increase the effectiveness and efficiency of the nationwide adaptive social safety net system and its coverage of poor and vulnerable households with targeted social transfers, including in refugee and host communities.

The US\$13 million AF will provide the opportunity to mitigate the dual impacts of COVID-19 and climate-related shocks for vulnerable households in 2021. Therefore, upcoming safety net interventions will seek to support vulnerable households to help them to cope with the cumulative impacts of COVID19 and the climate shock. The AF will exclusively support the scale-up of existing activities included in the Parent Project. The original PDO, the closing date, the components and sub-components will remain the same. The results framework will be revised to reflect the scaling-up on the indicator targets, but no additional indicators will be introduced.

More specifically, the proposed AF will finance the scale-up of the shock-responsive programs as follows: (i) support the implementation of the Elmaouna program; (ii) pilot an extension of the Tekavoul program in case of shocks. The original project planned to support an average of 8,000 vulnerable households per year for the first three years of the project (2021 to 2023), either through the Elmaouna program or through the Tekavoul expansion option. The additional financing will allow Elmaouna and Tekavoul to support an additional 36,000 households (27,000 and 9,000 additional households respectively).

ACCESS TO INFORMATION

To submit an information request for project information, you will have to create an account to access the Access to Information request form. You can learn more about this process at: <https://www.worldbank.org/en/access-to-information/request-submission>

ACCOUNTABILITY MECHANISM OF THE WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. Information on how to file a complaint and a complaint request form are available at: <https://www.inspectionpanel.org/how-to-file-complaint>
