Investment Type(s)	Loan
Investment Amount (USD)	\$ 300.00 million
Loan Amount (USD)	\$ 300.00 million
Project Cost (USD)	\$ 300.00 million

Project Description

According to the Bank's website, the overall development objective of the proposed APL program supports the Government's Integrated Basin Cleanup while simultaneously improving sanitary conditions along the banks of La Plata River and providing a long-term and cost-effective solution for safe disposal of wastewater from the Buenos Aires Metropolitan Area (AySA's concession area). The two-stage APL program that contributes to this objective and the allocation of works and activities under each APL has been specifically designed to ensure that APL-1 can be free-standing, with no stranded assets at the end of the first stage. The project (APL-1) development objectives contribute to the overall program development objective by (i) improving sewerage services in the M-R River Basin and other parts of the Province and City of Buenos Aires by expanding transport and treatment capacity; (ii) supporting a reduction of industrial discharges to the M-R River, through the provision of industrial conversion grants to small and medium enterprises; (iii) promoting improved decision-making for environmentally-sustainable land use and drainage planning, and piloting urban drainage and land use investments, in the M-R River Basin; and (iv) strengthening ACUMAR's institutional framework for ongoing and sustainable clean-up of the M-R River Basin.

Contact Information

ACCESS TO INFORMATION

To submit an information request for project information, you will have to create an account to access the Access to Information request form. You can learn more about this process at: <https://www.worldbank.org/en/access-to-information/request-submission>

ACCOUNTABILITY MECHANISM OF THE WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. Information on how to file a complaint and a complaint request form are available at: <https://www.inspectionpanel.org/how-to-file-complaint>
