Project Description

According to bank documents, Component 1 will support the preparation of a comprehensive policy framework that deals with sustainable forest and land use management may have direct and/or indirect environmental risks and impacts which will require SESA to evaluate the E&S aspects of the proposed policy. Thus, the terms of reference (ToR) for the preparation of the proposed policy framework, capacity building program (component 1) and the project coordination and management (component 3) shall require incorporating the objectives and principles of the relevant ESSs in order to ensure that activities and outputs are consistent with the WB. The environmental risk mitigation measures will rely on sequenced short- and long-term measures to address the potential environmental risks and impacts while working on long term institutional capacity.

ACCOUNTABILITY MECHANISM OF THE WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. Information on how to file a complaint and a complaint request form are available at: https://www.inspectionpanel.org/how-to-file-complaint
