Project Description

According to bank documents, the project objective is to pilot Eskom's Just Energy Transition (JET) by decommissioning and repurposing the 990 MW Komati coal fired power plant.

The JETP concept and design includes four main project components:

(i) decommissioning of Komati power plant (including environmental mitigation);

(ii) repurposing with renewables (including environmental mitigation) using a public private partnership (PPP) approach;

(iii) mitigation of socio-economic impacts; and

(iv) TA support to structure PPP.

ACCOUNTABILITY MECHANISM OF THE WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. Information on how to file a complaint and a complaint request form are available at: https://www.inspectionpanel.org/how-to-file-complaint
