| Investment Type(s) | Advisory Services |
| Project Cost (USD) | \$ 30.00 million |

Project Description

According to bank documents, the objectives of the proposed operation are to: (i) improve public resource management and support inclusiveness, and (ii) strengthen governance in the water sector and accelerate the greening of the economy.

The first pillar of the operation focuses on improving public resource management and supporting inclusiveness. Under this pillar, the operation supports reforms to institute e-GP by automating all steps of the procurement process including planning, tendering, contract monitoring and eventually payment to increase the efficiency and transparency of the overall system. In addition, the first pillar supports efforts that the PA has adopted to enhance inclusiveness for the unbanked population through simplifying the requirements for financial inclusion accounts by canceling the proof of work and requiring zero fees. The last prior action under pillar 1 also supports the inclusiveness agenda by requesting line ministries to prepare gender responsive budgets.

The second pillar of the operation focuses on strengthening governance in the water sector and accelerating the greening of the economy. It ventures into an area that has not been previously covered by DPGs and which focuses on the green economy through amendments to the environment protection law to include articles related to climate change. The other prior action under this pillar supports reforms to enhance governance and service provision in the water sector by creating RWUs that will take on the role of water service provision from hundreds of Local Government Units, reducing fragmentation, improving governance and eventually achieving economies of scale in the sector. Both prior actions contribute to the resilience of the Palestinian territories.

Investment Description

- World Bank (WB)

ACCESS TO INFORMATION

To submit an information request for project information, you will have to create an account to access the Access to Information request form. You can learn more about this process at: <https://www.worldbank.org/en/access-to-information/request-submission>

ACCOUNTABILITY MECHANISM OF THE WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. Information on how to file a complaint and a complaint request form are available at: <https://www.inspectionpanel.org/how-to-file-complaint>
