Investment Amount (USD)	\$ 100.00 million
Project Cost (USD)	\$ 100.00 million

Project Description

According to the Bank's website, the development objective of the Green and Resilient Recovery Development Policy Loan (DPL) for Barbados is to support the Government of Barbados' strategic reforms to promote low carbon economic development and resilience to the deepening global crises, including climate change. This stand-alone DPL is designed to strengthen climate resilience and low carbon economic development through the adoption of a comprehensive package of strategic policy reforms that address Barbados' significant climate and environmental sustainability challenges. The DPL supports two core pillars reflective of the government's priorities for resilient recovery, specifically: (i) pillar A: green and blue resilient recovery; and (ii) pillar B: low carbon and resilient infrastructure.

ACCESS TO INFORMATION

To submit an information request for project information, you will have to create an account to access the Access to Information request form. You can learn more about this process at: <https://www.worldbank.org/en/access-to-information/request-submission>

ACCOUNTABILITY MECHANISM OF THE WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. Information on how to file a complaint and a complaint request form are available at: <https://www.inspectionpanel.org/how-to-file-complaint>
