### Project Description

According to the Bank's website, the objective of this project is to increase job-relevant skills of young people and income-generating opportunities, especially for the poor and vulnerable, in The Gambia.

## Early Warning System Project Analysis

The environmental risk rating is estimated to be moderate.

The potential environmental risks and impacts identified in the prepared project's Environmental and Social Management Framework (ESMF) may result from the establishment /construction of TVETCoE, and Establishment of the productive economic inclusion (PEI) program to skill target populations (under sub-component 3.1). Key environmental concerns could be related to: (i) loss of vegetation if the sites chosen for the construction of the two TVET/CoEs are covered with trees (ii) disposal of construction wastes management ; (iii) occupational health and safety of workers, (iv) Labor and working conditions; and (vi) nuisances related to air and noise emissions, soil disturbance and erosion, (vii) management of e-waste during the operational phase of the two TVET/CoE. However, the majority of the risks and impacts likely to be generated from the project activities are expected to be site-specific, temporary, and manageable to an acceptable level by applying the appropriate mitigation measures that have been identified by the PIU.

## ACCESS TO INFORMATION

To submit an information request for project information, you will have to create an account to access the Access to Information request form. You can learn more about this process at: <https://www.worldbank.org/en/access-to-information/request-submission>

## ACCOUNTABILITY MECHANISM OF THE WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing [ipanel@worldbank.org](mailto:ipanel@worldbank.org). Information on how to file a complaint and a complaint request form are available at: <https://www.inspectionpanel.org/how-to-file-complaint>
