Project Description

As stated by the World Bank, the proposed Project Development Objective (PDO) is to increase productivity, commercialization, and climate resilience for project beneficiaries.

Early Warning System Project Analysis

According to the World Bank, the overall program risk is 'Substantial'.

Investment Description

- World Bank (WB)

According to the World Bank, the project financing gap will be filled by commercial financing (US\$ 46.00 million) and counterpart financing (US\$ 4.00 million).

Private Actors Description

As stated by the World Bank, the primary target beneficiaries are farmers, farmers' organizations, WUAs, and small- and medium private agribusinesses that are interested in intensifying their production, enhancing value-addition (including through processing, better storage), or in improving logistics.

ACCESS TO INFORMATION

To submit an information request for project information, you will have to create an account to access the Access to Information request form. You can learn more about this process at: <https://www.worldbank.org/en/access-to-information/request-submission>

ACCOUNTABILITY MECHANISM OF THE WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. Information on how to file a complaint and a complaint request form are available at: <https://www.inspectionpanel.org/how-to-file-complaint>
