Project Description

As stated by the World Bank, the development objective of the First Sustainable and Inclusive Development Policy Financing for Togo is to support green, inclusive, and resilient development in Togo by: (i) promoting sustainable agriculture, rural electrification, and climate mitigation; (ii) boosting human capital and resilience to shocks; and (iii) rebuilding fiscal space for priority interventions. This operation is seeking to reinforce the foundations for green, inclusive, and resilient development in Togo with a particular focus on maximizing opportunities for vulnerable populations in underserved rural areas. The reform program supported by this operation addresses some of the key constraints to faster growth and poverty reduction identified in recent World Bank diagnostics.

Early Warning System Project Analysis

While the overall level of risk to the development objectives of the proposed operation is assessed as substantial, the environmental and social risk assigned to the project activities is 'Moderate', according to the World Bank.

ACCOUNTABILITY MECHANISM OF THE WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. Information on how to file a complaint and a complaint request form are available at: <https://www.inspectionpanel.org/how-to-file-complaint>
