Project Description

According to the Bank's website, the objective of this project is to: (1) strengthen competition in key enabling sectors and domestic revenue mobilization; (2) expand equitable access to health and education services; (3) promote the sustainable use of natural resources. In December 2021, Côte d'Ivoire adopted the National Development Plan (PND) 2021-2025, as its main strategic planning document to sustain high economic growth and inclusion in the medium-term. This operation directly supports the first three categories of actions of the PND and is aligned with the country's climate change commitments and the Paris Agreement. The operation also supports outcome area four of the new corporate score card: effective macroeconomic and fiscal management. By improving tax revenue collection, it supports a stable fiscal environment that can help government manage debt and marshal resources to deliver services such as health, education, and infrastructure. The operation has three pillars: Pillar 1: Strengthen competition in key enabling sectors and domestic revenue mobilization; Pillar 2: Expand equitable access to health and education services; and Pillar 3: Promote the sustainable use of natural resources.

Early Warning System Project Analysis

The overall risk rating for the operation is assessed as substantial given its scope that requires sustained macroeconomic stability in a complex regional and global environment.

ACCOUNTABILITY MECHANISM OF THE WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. Information on how to file a complaint and a complaint request form are available at: <https://www.inspectionpanel.org/how-to-file-complaint>
