Project Description

As stated by the World Bank, the development objective of the Third Green and Resilient Recovery Development Policy Financing for Ecuador is to assist the government of Ecuador in its agenda to tackle selected structural challenges to foster inclusive, resilient, and low-carbon development. It is organized around two pillars: (i) tackle selected structural challenges to foster green growth, inclusion, and climate resilience; and (ii) strengthen low-carbon development.

Early Warning System Project Analysis

The World Bank categorized the project environmental and social risks as Moderate.

ACCESS TO INFORMATION

To submit an information request for project information, you will have to create an account to access the Access to Information request form. You can learn more about this process at: <https://www.worldbank.org/en/access-to-information/request-submission>

ACCOUNTABILITY MECHANISM OF THE WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. Information on how to file a complaint and a complaint request form are available at: <https://www.inspectionpanel.org/how-to-file-complaint>
