Sectors	Climate and Environment, Law and Government
Investment Type(s)	Grant, Loan
Loan Amount (USD)	\$ 100.00 million
Grant Amount (USD)	\$ 10.00 million
Project Cost (USD)	\$ 1,000.00 million

Project Description

According to the Bank's website, the objective of this project is to strengthen national and local government systems to implement national climate strategies and deliver locally led climate resilience actions in selected districts.

Early Warning System Project Analysis

The overall environmental and social (E&S) risks are preliminarily assessed as substantial. The scope of subprojects to be undertaken under the Program will range from small to medium scale infrastructure related to climate change adaptation in the sectors of agriculture, water, forestry, livestock, fisheries, and coastal and marine environment, among others.

Recent ESSAs have been undertaken in Tanzania mainland in the education, health, and agriculture sectors and in Zanzibar - in public financial management and procurement systems. The mainland ESSAs indicate capacity gaps within MDAs, including PO-RALG, PO RALG SD, the LGAs, and other key agencies in managing E&S risks. These environmental, social, health and safety (HS) risk management gaps and challenges have also been identified in a country E&S client capacity assessment carried out in 2023 in both Tanzania mainland and Zanzibar.

Investment Description

- World Bank (WB)

The SCALE Program will be financed by a US\$100 million IDA Credit and a US\$10.0 million Multi-Donor Trust Fund (SSI4All) over a five-year period.

Total Government Contribution: US\$ 890.00 million

ACCESS TO INFORMATION

To submit an information request for project information, you will have to create an account to access the Access to Information request form. You can learn more about this process at: <https://www.worldbank.org/en/access-to-information/request-submission>

ACCOUNTABILITY MECHANISM OF THE WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. Information on how to file a complaint and a complaint request form are available at: <https://www.inspectionpanel.org/how-to-file-complaint>
