Project Description

According to the World Bank, the development objective of the Emergency Resilient Reconstruction Project for Ecuador is to restore connectivity and improve infrastructure resilience and road safety in areas affected by natural hazards. The project comprises of two components. The first component, infrastructure recovery and resilience interventions will be assessed against a positive list of eligibility criteria set out in the project operations manual. It consists of following sub-components: (i) infrastructure recovery; (ii) resilience interventions; (iii) activities to complement recovery and resilience interventions; and (iv) acquisition of Ministry of Transportation and Public Works equipment for emergency response and preventive maintenance. The second component, project management and institutional strengthening for resilience consists of following sub-components: (i) asset management system and planning tools; (ii) capacity building activities, including training, knowledge exchanges, guidelines, and manuals on relevant topics; and (iii) project management support.

Early Warning System Project Analysis

The World Bank assessed the risk category for the project as Substantial.

ACCESS TO INFORMATION

To submit an information request for project information, you will have to create an account to access the Access to Information request form. You can learn more about this process at: <https://www.worldbank.org/en/access-to-information/request-submission>

ACCOUNTABILITY MECHANISM OF THE WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. Information on how to file a complaint and a complaint request form are available at: <https://www.inspectionpanel.org/how-to-file-complaint>
