Early Warning System Project Analysis

Environmental and Social Risk Classification: Substantial

The environmental risk classification remains Substantial. The inherent environmental risks from the nature and scale of activities are considered low to moderate, and arise mostly from community level civil works. However, the current political and conflict situation in Myanmar and potential mismatch between the short project implementation period, time required to implement larger civil works and the climate-driven seasonality of civil works elevate the risks.

Investment Description

- World Bank (WB)

A PROPOSED GRANT IN THE AMOUNT OF US\$9.2 MILLION FROM THE MYANMAR PARTNERSHIP MULTI-DONOR TRUST FUND.

ACCESS TO INFORMATION

To submit an information request for project information, you will have to create an account to access the Access to Information request form. You can learn more about this process at: <https://www.worldbank.org/en/access-to-information/request-submission>

ACCOUNTABILITY MECHANISM OF THE WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. Information on how to file a complaint and a complaint request form are available at: <https://www.inspectionpanel.org/how-to-file-complaint>
