Borrower	Government of Djibouti - ADR
Sectors	Infrastructure, Transport
Investment Type(s)	Grant
Investment Amount (USD)	\$ 90.00 million
Project Cost (USD)	\$ 90.00 million

Project Description

According to the Bank's website, the objective of this project is to improve regional connectivity and enhance logistics efficiency in Djibouti along the Djibouti- Addis southern corridor.

Components:

Improvement of infrastructure and introduction of intelligent transportation systems along the Djibouti-Addis southern corridor

Improvement of transit services along the Djibouti-Addis southern corridor

Institutional strengthening and capacity-building on road performance-based contracts and project implementation support

Contingent emergency response component (CERC)

Early Warning System Project Analysis

Environmental and Social Risk Classification: Substantial. The project (both the parent and AF) will lead to environmental and social risks and impacts ranging from possible erosion and run-off to water bodies during earthworks, limited loss of vegetation, changes to modified habitats, pollution from construction (dust, noise and vibration, wastewater, solid wastes and used oil), occupational and community health and safety, road safety risks during both construction and operation, physical and/or economic displacement, labor risks including working conditions, risks to migrants, child and forced labor, and the potential use of informal or dayworkers. The risk of exposure and spread of transmissible diseases, particularly during the construction phase, has also been identified as a transversal risk cutting across all activities. The risks associated with sexual exploitation and abuse and sexual harassment (SEA/SH) have been rated as moderate. The project is not expected to require the use of security forces. No associated facilities have been identified under the project.

ACCESS TO INFORMATION

To submit an information request for project information, you will have to create an account to access the Access to Information request form. You can learn more about this process at: <https://www.worldbank.org/en/access-to-information/request-submission>

ACCOUNTABILITY MECHANISM OF THE WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. Information on how to file a complaint and a complaint request form are available at: <https://www.inspectionpanel.org/how-to-file-complaint>
