| Project Cost (USD) | \$ 21.00 million |

Project Description

According to the Bank's website, the objective of this project is to enhance Samoa's financial supervisory and national payment and identification systems for resilience.

The project has three components: (i) financial supervisory and payment systems implemented by CBS; (ii) identification systems implemented by the Samoa Bureau of Statistics; and (iii) project management implemented by the Ministry of Finance.

Early Warning System Project Analysis

The social and environmental risk of the project is rated as low.

Key social risks associated with the project include: the potential exclusion of vulnerable groups such as remote and rural residents, people with disabilities, marginalized women and girls, and those with low connectivity or technical literacy; and privacy and data protection risks, including data theft and misuse, identify fraud and discrimination.

Investment Description

- World Bank (WB)

A proposed grant in the amount of SDR 15.6 million (US\$21 million equivalent).

ACCESS TO INFORMATION

To submit an information request for project information, you will have to create an account to access the Access to Information request form. You can learn more about this process at: <https://www.worldbank.org/en/access-to-information/request-submission>

ACCOUNTABILITY MECHANISM OF THE WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. Information on how to file a complaint and a complaint request form are available at: <https://www.inspectionpanel.org/how-to-file-complaint>
