Project Description

According to the Bank's website, the project development objective is to provide cash transfers, temporary employment, and increased access to basic services and economic opportunities to food-insecure populations affected by COVID-19, the conflict and climate-related shocks, as well as to strengthen the capacity of national institutions.

Early Warning System Project Analysis

The Environmental Risk Rating is "Substantial" as the AF3 project will support activities that may result in risks and impacts on workers and community health and safety, as well as on the environment, if the project's activities are not managed adequately. Nonetheless, environmental risks and impacts are expected to be site-specific, reversible, and generally of low magnitude that can be mitigated following appropriate measures. There is a risk for serious injuries or fatal incidents to occur under the project, particularly under the labor-intensive community subprojects of Component 2. These risks could potentially materialize in subsequent AFs when financing for Component 2 becomes available. Furthermore, there is a risk of injuries due to explosion of remnants of war (ERW).

The project's social risk rating is high primarily due to the Unconditional Cash Transfer (UTC), Cash for Nutrition (CfN) and Cash for Work (CfW) activities, which present security and safety risks for the workforce, the risk of elite capture, as well as the potential for social conflict or the exclusion of vulnerable and disadvantage individuals, including women, as a result of inadequate/poor targeting of project beneficiaries and restriction of movement of women (including women project workers). These activities may also lead to an increased Sexual Exploitation and Abuse/Sexual Harassment (SEA/SH) risk.

To submit an information request for project information, you will have to create an account to access the Access to Information request form. You can learn more about this process at: <https://www.worldbank.org/en/access-to-information/request-submission>

ACCOUNTABILITY MECHANISM OF THE WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. Information on how to file a complaint and a complaint request form are available at: <https://www.inspectionpanel.org/how-to-file-complaint>
