## Project Description

According to the Bank's website, the objective of this project is to improve the resilience of pastoralists and agro-pastoralists in selected areas in the Sahel region.

Components:

Animal health improvement and veterinary medicine control;

Sustainable landscape management and governance enhancement;

Livestock value chain improvement;

Social and economic inclusion improvement, women and youth;

Project coordination, institutional strengthening, crisis prevention and response.

### Early Warning System Project Analysis

The Environmental and Social Risk Classification (ESRC) for both the parent project and the AF is Substantial. All works and activities proposed under the AF are similar to the activities financed under the parent project. No new environmental and social standards (ESS) will be relevant because of AF activities.

---

### Investment Description

- World Bank (WB)

A proposed additional credit in the amount of EUR 46.7 million (US\$50 million equivalent) to Burkina Faso.
