

 Early Warning System

WB-P181555

Accelerating Sustainable Energy Transition Program

Quick Facts

Countries	Brunei, Cambodia, Indonesia, Laos, Malaysia, Myanmar, Philippines, Singapore, Thailand, Vietnam
Financial Institutions	World Bank (WB)
Status	Approved
Bank Risk Rating	A
Voting Date	2024-09-24
Borrower	ASEAN Centre for Energy
Sectors	Energy
Investment Type(s)	Grant
Investment Amount (USD)	\$ 5.00 million
Project Cost (USD)	\$ 7,010.00 million

Project Description

According to the Bank's website, the objective of this project is to help accelerate renewable energy scale up in the ASEAN countries, including through regional power trade.

Pillar One: Enabling policies and strengthened institutions.

Pillar Two: Expanded and more flexible energy systems.

Pillar Three: De-risking clean energy investments.

Early Warning System Project Analysis

The Environmental and Social Risk Classification (ESRC) for the proposed MPA is rated as Substantial, given the typical environmental and social (E&S) risks associated with the program typologies. These include: (i) regional technical assistance to strengthen regional cooperation and increase planning and execution capacity of priority projects; and (ii) country-specific physical investments and technical assistance to strengthen the electricity grid, increase the capacity of transmission lines, increase electricity access, and scale up renewable energy generation. The ESRC for the TA project implemented by ACE and the investment project in Papua New Guinea is Substantial. The ESRC for the project in the Republic of Marshall Islands is Moderate.

Investment Description

- World Bank (WB)

A proposed grant in the amount of SDR 3.8 million (US\$5 million equivalent).

Private Actors Description

ASEAN Centre for Energy (ACE) is an intergovernmental organization within the structure of the Association of Southeast Asian Nations (ASEAN). Its mission is to accelerate the integration of energy strategies within ASEAN by providing relevant information and expertise to ensure the necessary energy policies and programmes are in harmony with the region's economic growth and environmental sustainability.

ACCESS TO INFORMATION

To submit an information request for project information, you will have to create an account to access the Access to Information request form. You can learn more about this process at: <https://www.worldbank.org/en/access-to-information/request-submission>

ACCOUNTABILITY MECHANISM OF THE WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. Information on how to file a complaint and a complaint request form are available at: <https://www.inspectionpanel.org/how-to-file-complaint>
