Investment Amount (USD)	\$ 155.00 million
Project Cost (USD)	\$ 155.00 million

Project Description

According to the Bank's website, the objective of the project is to increase access to improved sanitation and improved water supply in the Greater Accra Metropolitan Area (GAMA) and Greater Kumasi Metropolitan Area (GKMA) with emphasis on low income communities and to strengthen management of environmental sanitation in the GAMA and the GKMA.

Components

Component 1 - Provision of environmental sanitation services to priority low income areas of the GAMA and GKMA

Component 2 - Expansion of the water distribution network in the GAMA and GKMA and Improvement in operational efficiency

Component 3 - Planning, improvement & expansion of Environmental Sanitation Services

Component 4 - Project Management and Institutional Strengthening

Early Warning System Project Analysis

Environmental Assessment Category: A-Full Assessment

The key potential environmental and social risks and impacts of the proposed AF include possible soil and water contamination, air pollution from dust and fumes, loss of vegetation, noise nuisance, vibration, traffic congestion due to the planned rehabilitation activities, odor, proliferation of disease-borne insect vectors, waste generation, loss of access to economic assets and livelihoods due to planned rehabilitation of Asafo Sewerage Treatment facility, Sexual Exploitation and Abuse/Sexual Harassment (SEA/SH) as well as GBV related issues.

Risks associated with water contamination given that Subin and Gee rivers are at proximity to the Asafo Sewerage Treatment facility could transverse communities and harm aquatic life if appropriate measures are not taken during construction work.

There are no potential indirect and/or long-term adverse environmental and social impacts expected in the project area.

Investment Description

- World Bank (WB)

IDA Credit: US\$ 125.00 Millions

IDA Shorter Maturity Loan (SML): US\$ 30.00 Millions

ACCESS TO INFORMATION

To submit an information request for project information, you will have to create an account to access the Access to Information request form. You can learn more about this process at: <https://www.worldbank.org/en/access-to-information/request-submission>

ACCOUNTABILITY MECHANISM OF THE WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. Information on how to file a complaint and a complaint request form are available at: <https://www.inspectionpanel.org/how-to-file-complaint>
