Project Description

According to bank documents, the project objective is to improve access to foundational learning and to labor market-relevant TVET and enhance the efficiency of the education sector management.

The Project will potentially support key interventions and reforms in the following areas, where the Bank's value added is expected to be strongest and there is no overlap with other Bank's or other development partners operations.

1: Improving the home to school transition by (a) increasing access and to ECCD; (b) an improved quality assurance system for childcare; and (c) piloting and implementing catch-up programs for foundational skills.

2: Supporting the school to work transition by (a) increasing access to quality TVET; (b) improving the jobmarket relevance of TVET programs; (c) supporting grades 4-12 learners through strengthened counselling and career orientation services; (d) facilitating the transition to employment. The Operation will consider and respond to gender-specific and refugee-specific barriers for the school to work transition of students.

3: Strengthening governance in the education system by (a) the implementation of the Public Sector Modernization Roadmap and the establishment of the new proposed Ministry of Education and Human Resources; and (b) digitalization and development of a learning management system (LMS).
